laugh,
live

Shout Out for u3a Southport, u3a Wigan, u3a North West Region and Subject Adviser Neil Stevenson

From time, I want to highlight and celebrate those u3as and individuals in our region who have been mentioned in u3a-UK communications.

The August edition of u3a Newsletter had FOUR mentions of our region. Well done to those involved ...

u3a Southport was the very first u3a to be mentioned in the August edition of the u3a Newsletter. There was a great photo with the caption – “For the second year in a row, u3a Southport were at Southport Flower Show and made quite the impression”.

Under the heading, “Less than a month to go before u3a Week”, was a joyous photo of musical members of **u3a Wigan**, celebrating 2021 u3a Week.

“Summer learning in the North West” featured two photos and words which began ... “80 members from across 40 u3as in the **North West Region of u3as** took part in a Summer School at the University of Cumbria”.

The regular feature, “Subject Advice News”, included “We have a fantastic team of over eighty national Subject Advisers who help the u3a membership” and featured a photo of the Subject Adviser for Egyptology – our very own **Trustee for North West England, Neil Stevenson**.

Please remember to send ‘positive image’ photos and brief stories to Nelly Mair (eleanor.mair@u3a.org.uk) at the u3a Office for her to include in the monthly u3a Newsletter. Nelly may contact you as she might want more information to provide material for Sources. Her colleague Elise Sargent may identify stories which would appeal to readers of UK newspapers and magazines and may contact you for further details.

With best wishes to you and your u3a members

Kelvin Rushworth

Public Relations Adviser (North West England)
